BIBLE BIOGRAPHY: ADAM

“Adam, first human and the first to experience God’s perfection, provides a glimpse of what God originally intended for mankind -- a perfect relationship with Him in a perfect environment of perfect health and perfect peace. Unfortunately, Adam, and his wife, Eve, make a decision that takes the human race down the path to sin, misery, and death.

But God does not leave Adam and Eve and mankind without hope. God promises that a descendant of the woman will someday defeat evil and especially the evil one, as represented by the serpent in the Garden of Eden. Speaking to Satan, who had used the serpent, God explains that one who is to come (Jesus Christ) ‘shall bruise your head,’ meaning a fatal blow will eventually be given to Satan.” -- The Bare Bones Bible Bios

ANNOYING ATTRIBUTE OF GOD #1

God is annoying because he often finds it convenient to put me in inconvenient situations.

THE JOY OF ILLUMINATION

“A moment to pause. If you find yourself struggling to keep your enthusiasm for school alive, step away for a moment and find a quiet place. It might be the backseat of the bus, a shady place below the bleachers, an empty classroom--anywhere you are comfortable and can find privacy. Now sit back and rest your eyes. It must seem at times like you can’t stuff one more bit of information into your head. And tomorrow is likely to be the same. Lessons, lessons and more lessons. It’s easy to lose the joy of learning amidst the crush of facts and figures. If you think you can’t put one more piece of information into your already overcrowded brain, try this: Settle on one thing, on bright and beautiful concept, on glowing, newly discovered fact, one small but powerful piece of information.

This can be anything you choose--a new word, a profound thought, a never before considered idea, a far out concept. Nurture this small treasure in your mind, allowing God to illuminate and expand it. Expect God to take this one concept and inspire you with new ideas. Let these ideas move in and around and through your mind, easing the pressing obligation to learn and renewing your sense of excitement and anticipation. --
